

## Table of Content

|   |    |
|---|----|
| <b>Introduction.....</b>  | 4  |
| <b>Description of Preliminary Alternative .....</b>                                     | 6  |
| Alternative 1, No Action .....  | 7  |
| Alternative 2, Traffic Operations/Intersection Improvements .....                       | 7  |
| Alternative 3, Public Transportation Treatments.....                                    | 7  |
| Alternative 4, Intelligent Transportation Systems (ITS) Signal Improvements .....       | 8  |
| Alternative 5, Access Management .....  | 8  |
| Alternative 6, Upgrade Morgan Street Roadway Geometrics .....                           | 8  |
| Alternative 7, Widen Morgan Street for Additional Lanes .....                           | 8  |
| Alternative 8, Morgan-Franklin One Way Pair with Railroad Relocation .....              | 12 |
| Alternative 9, Morgan-Franklin One Way Pair without<br>Railroad Relocation .....        | 12 |
| Alternative 10, Morgan-Hillside One Way Pair .....                                      | 12 |
| Alternative 11, Northern Bypass .....   | 16 |
| Alternative 12, Southern Bypass .....   | 16 |
| Alternative 13, Access Management & Upgrade Roadway Geometrics.....                     | 16 |
| <b>Screening .....</b>  | 20 |
| Congestion and Efficiency .....   | 20 |
| Roadway Geometrics .....  | 22 |
| Safety .....  | 24 |
| Community Impacts .....   | 24 |
| Environmental Issues .....  | 27 |
| Conceptual Cost Estimate .....  | 31 |
| <b>Summary of Alternatives Analysis .....</b>   | 31 |
| Alternative 1, No Action .....  | 31 |
| Alternative 5, Access Management .....  | 33 |
| Alternative 6, Upgrade Morgan Street Roadway Geometrics .....                           | 33 |
| Alternative 7, Widen Morgan Street for Additional Lanes.....                            | 33 |
| Alternative 8, Morgan-Franklin One Way Pair with Railroad Relocation .....              | 33 |
| Alternative 9, Morgan-Franklin Street One Way Pair without<br>Railroad Relocation ..... | 34 |
| Alternative 10, Morgan-Hillside One Way Pair .....                                      | 34 |
| Alternative 11, Northern Bypass .....   | 34 |
| Alternative 12, Southern Bypass .....   | 31 |
| Alternative 13, Access Management & Upgrade Roadway Geometrics .....                    | 35 |
| <b>Further Analysis of Reasonable Alternative .....</b>                                 | 35 |
| <b>Conclusion/Next Steps .....</b>  | 40 |
